

## VAVROUŠEK SCHOLARSHIP – CALL FOR PROPOSALS

The Department of Development & Environmental Studies offers the Vavroušek Scholarship to support students' special activities related to their studies, including internships, research stays, workshops, or campaigns, both in the Czech Republic and abroad.

### Application Process:

- Submit the completed application form via email to martin.schlossarek@upol.cz.
- Proposals will be evaluated within one month of submission.

### Conditions:

- Applicants must be students at the Department of Development & Environmental Studies at the time of application and implementation.
- Activities should be planned and organized predominantly by students.
- It is recommended to consult the intention with the Department's academic staff in advance.

### Evaluation Criteria:

- Benefit to the student and the Department of Development & Environmental Studies.
- Impact on the host institution and/or local community.
- Effective use of financial support.
- Ability to co-finance activities from other sources.

### Important Information:

- A signed contract specifying rights and duties must be completed before receiving the scholarship.
- A final report with photo documentation must be submitted within one month after the activities.
- Students must organize at least two presentations on the outcomes of their activities.

### Funding Distribution:

- 70% of the scholarship will be disbursed before the activities start, with the remaining 30% sent after the final report and evidence of two public presentations (such as article in magazine, lectures for the public or at school) are submitted.
